During the fire that began on March 17, 2019, ITC received assistance from a wide array of sources. As a result, these SDS may not be fully representative of foams and extinguishants used in the response.

In addition, some of the SDS being provided were already on file before the fire began on March 17, 2019 and may not have been on hand at the time of the fire. Therefore, not all of these SDS may be representative of foams and extinguishants used in the response.

ITC is a safe and dedicated partner whose associates are recognized as proud leaders in customer care and operational excellence.
